

Joaquin B. Omaña

Computer Engineer

I am seeking a challenging and dynamic work environment that will allow me to utilize my skills and knowledge while continuously learning and growing professionally. I am eager to join a team of experienced and knowledgeable professionals and am ready to take on new challenges and expand my skill set. As a dedicated individual, I am committed to continuous learning and growth, both professionally and personally. I am ready to tackle new and exciting opportunities, and I am confident that my eagerness to learn and grow will contribute to the success of the company.

Work Related Experience

○ Failure Analysis Technician 2019 - 2020

STMicroelectronics Inc. (On-the-Job Trainee)

9 Mountain Drive, LISP 2 Calamba 4027 Laguna

As a responsible and detail-oriented individual, I am committed to collecting and analyzing data to identify the root causes of problems with electrical and thermal components, including integrated circuits. I possess a strong analytical mind and am eager to take on new challenges and continuously learn and grow in my field. I am excited to further develop my skills and problem-solving to drive successful outcomes.
